Zachary Shah & Ikenna Nwafor
Professor Rolando Coto-Solano
Spring 2026
COSC 72: Group Work Breakdown

Research & Planning
- Model selection (Spark-TTS, VITS variants): joint
- Evaluation methodology (MOS + MCD): joint
- Literature review on low-resource TTS: Ikenna

Implementation
- VITS fine-tuning (cjp + spa base models): Zach
- Spark-TTS fine-tuning via Unsloth: Zach
- Final eval set assembly (100 audio files): Zach
- Notebook organization, headers, and comments: Ikenna

Evaluation
- MCD computation against human reference: Zach
- MOS visualization and analysis: Zach
- Native-speaker coordination via Prof. Coto-Solano: joint

Slides
- Outline and content drafting: Zach
- Visual design and polish: Ikenna

Video
- Script: joint
- Recording: joint
- Editing: Zach

Writeup (ACL format)
- Introduction: Ikenna
- Methodology: Ikenna
- Results & Discussion: Zach
- Limitations & Ethics: Ikenna
- References & final formatting: Joint
